If you want to get recognition as an  
artist that uses the medium of  
photography, then there are certain  
expectations of what your body of work  
should be like and how you go about  
executing it. Galleries and collectors are  
not going to collect work or invest in art  
when there isn't a lot of consistency  
within that body of work.

recommnd people avoid trying to  
gauge progress based on them.

### **A Visual Guide To Body-Fat Percentage | RippedBody.com**

As men gain body fat, the fat typically starts to go into the stomach of all the places. As it grows, it will begin to form all over the body - but still mainly in the stomach. Females typically see fat funneling into their hips and thigh areas - but some women do see noticeable amounts of fat in their stomachs at even low body fat percentages.
