Object Spaces In American Cinema

American cinema abounds with films set in prisons, asylums, hospitals and other institutions. Rather than orderly places of recovery and rehabilitation, these institutional settings emerge as object spaces of control and repression in which adult identity is threatened as a narrative impetus.

ACCORDING TO JULIA KRISTEVA in the Powers of Horror, the object refers to the human reaction (horror, vomit) to a threatened breakdown in meaning caused by the loss of the distinction between subject and object or between self and other.The primary example for what causes such a reaction is the corpse (which traumatically reminds us of our own materiality); however, other items can elicit the ...

Introduction to Julia Kristeva, Module on the Object

Her research continues to centre on American cinema, especially in relation to object space, fantasy and 9/11. She is also involved in various projects concerned with trauma and a developing area of research focuses on the relationship between Chinese and American cinema.

Frances Pheasant-Kelly - University of Wolverhampton

Likewise, by virtue of being sent to such an object space, prisoners are marked as object. Therefore, there is no easy way of distinguishing between the two, in terms of where the source of ...

You might think it's impossible to pinpoint, definitively, the best American movies of all time. After all, there are so many, and cinema is about as subjective and primed for debate as a topic can get.But, in 2007, the American Film Institute—experts in the matter, if there every were any—set out to define once and for all which American movies are truly a cut above the rest.

Best American Movies: The Top 50 of All Time | Best Life

The Migration and Politics of Monsters in Latin America proposes a cinematic cartography of contemporary Latin American horror films that take up the idea of the American continent as a space of radical otherness, or monstrosity, and use it for political purposes. The book explores how Latin American film directors migrate foreign horror tropes to create cinematographic horror hybrids that ...

The Migration and Politics of Monsters in Latin American ...

The study of sound in film has proven to be an increasingly stimulating and diverse field of academic endeavour. Particularly exciting and invigorating is the work that has been undertaken in the area of the compiled music score .A recent addition to this area is the edited collection Pop Fiction: The Song in Cinema, which offers twelve thought-provoking articles structured around the concept ...

Pop Fiction: The Song in Cinema edited by Matthew Caley ...

Violence and punishment in film do not necessarily need to relate to the physical or the object. In some cases, violence can be considered a destructive force separate from the physical. Although Coppola may reject American cinema's tradition of sadistic punishment, there are definite limits on how he chooses to imagine the women in his film.
