The cat dissection follows a specific pattern designed to reduce the chance that a structure will be damaged before you have had the chance to fully examine it. The following is an outline of the cat dissection. 1. Get the cat out of the bag, drain and rinse the cat. Tag the cat with your group's name. 2.

Dissection does not mean “to cut up.” Rather, it means “to expose for viewing.” Therefore, please follow the instructions outlined in this lab for proper dissection technique and never cut more than is absolutely necessary to expose an organ. Raise structures that you wish to cut with forceps so that you can see what lies underneath.
