### **The Business of Venture Capital: Insights from Leading ...**

What Is Venture Capital? Simply put, venture capital is other people's money. It is financing for new, usually high-risk start-up businesses just like the new product that you want to bring to market. There are a lot of well-known firms whose names you would recognize that were financed, when they were start-ups, by venture capital.

Capital - Entrepreneur

Venture capital is a form of private equity and a type of financing that investors provide to startup companies and small businesses that are believed to have long-term growth potential.

**Venture Capital Definition -  
investopedia.com**

When Bill Gurley graduated, he wanted to be a venture capitalist. He went to New York for the first time in his life -- to beg for meetings with venture capitalists and was told "Don't even think about it kid. Go work for 20 years, and then come back." Gurley did not follow this advise. And there is no straight career path into venture ...

**blog — The Business of Venture  
Capital**

Venture capital can give your business the capital it needs for the next stage of growth. Equity investments are often a preferred way to grow without the debt

burden of bank loans. With proper preparation and a solid vetting process, your business will attract a venture capital partner that can help it grow to its next level.
