Trades About to Happen. David Weis is a trader with over 40 years' experience who played a large role in the development of many serious traders. Expanding on classical works of Richard Wyckoff, written almost a century ago, David has built a modern superstructure of market analysis. The changing heights of price bars, accompanied by rising or falling bars of volume are the basic irreducible elements from which David builds his market analysis.

abundance of detail. It's essentially a textbook (without all those annoying qualities of so many textbooks) for the would-be tape reader....

Book Review: Trades About To Happen | Investing.com

In Trades About to Happen, veteran trader David Weis explains how to utilize the principles behind Wyckoff's work and make effective trades with this method. Page by page, Weis clearly demonstrates how to construct intraday wave charts similar to Wyckoff's originals, draw support/resistance lines, interpret the struggle for dominance in trading ranges, and recognize action signals at turning points.
